

Brogent Technologies Inc.

Brogent Health, Safety, Security and Environment Policy

Brogent Technologies Inc. (hereinafter referred to as "Brogent") is committed to valuing human rights and fulfilling social responsibilities, operating its business with the principles of caring for the safety, health, and environmental sustainability of employees, contractors, and customers. We establish positive interactions with stakeholders such as employees, shareholders/investors, customers, suppliers/contractors, and the community, actively fulfilling corporate social responsibilities, and collectively pursuing a sustainable future.

We are dedicated to:

- Zero accidents, zero injuries, and no environmental impact.
- Preventing accidents involving personnel, equipment, and construction.
Establishing effective emergency response measures.
- Aligning with government policies and continuously implementing energy conservation and greenhouse gas reduction plans for sustainable development.
- Enhancing awareness of safety and sustainability among employees, suppliers, and contractors through information exchange, education, and advocacy.
- Continuously improving safety, health, and environmental performance through effective management measures.
- Consistently promoting safety, health, and environmental policies, measures, and performance to gain public trust and build positive relationships with society.

Brogent Technologies Inc.

C.H. Ouyang

Chairman & CEO
